In our opinion, the financial statements of Tourism, Hospitality and Catering Retirement Fund (THACSA) for the year ended 31 December 2021 are prepared, in all material respects, in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial reporting framework and restriction on use

We draw attention to the Purpose and basis of preparation of annual financial statements note to the financial statements, which describes the basis of preparation of the financial statements. The financial statements have been prepared for the purpose of the Fund's reporting to the Financial Sector Conduct Authority (the Authority) in terms of section 15(1) of the Pension Funds Act No. 24 of 1956, as amended (the Pension Funds Act of South Africa), and have been prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Board of Fund and the Authority and should not be used by parties other than the Board of Fund or the Authority. Our opinion is not modified in respect of these matters.

Other Information

The Board of Fund is responsible for the other information. The other information comprises the information included in the Annual Financial Statements in terms of section 15 of the Pension Funds Act of South Africa, of the Fund for the period 01 January 2021 to 31 December 2021 but does not include the financial statements (schedules F, G and HA) and our auditor's report thereon (schedule D).

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

TOURISM, HOSPITALITY AND CATERING RETIREMENT FUND (THACSA)

SCHEDULE D

INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF FUND OF THE TOURISM, HOSPITALITY AND CATERING RETIREMENT FUND (THACSA)

Responsibilities of the Board of Fund for the Financial Statements

The Board of Fund is responsible for the preparation of the financial statements in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa and for such internal control as the Board of Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Fund is also responsible for compliance with the requirements of the Rules of the Fund and the Pension Funds Act of South Africa.

In preparing the financial statements, the Board of Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Fund.
- Conclude on the appropriateness of the Board of Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

We communicate with the Board of Fund regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

There are no additional instances of non-compliance with law and regulations that came to our attention during the course of our audit of the financial statements.

SCHEDULE E REPORT OF THE BOARD OF FUND (continued) FOR THE YEAR ENDED FRIDAY, DECEMBER 31, 2021

2. INVESTMENTS

2.1. Investment strategy

The fund opted to invest in insurance policies and collective investment vehicles and therefore invested in a spread of portfolios with different risk and return profiles. The fund allows a maximum exposure of 75% to equities.

With effect from 1 July 2015 the fund has adopted a Life Stage investment strategy. The fund is split into two strategies, namely a "Growth Portfolio" and a "Capital Protection Portfolio". Members' fund credits and contributions are invested according to their current age. Members below the age of 50 are fully invested in the Growth Portfolio. From age of 50 to age 59 the members' fund credits and contributions are transferred to the Capital Protection Portfolio, at a rate of 10% per year in order that by age 59 the members' investments and contributions have been fully transferred to the Capital Protection Portfolio.

With effect from 1 May 2016 the fund introduced individual member choice which is available to all members, irrespective of age. Members have the option to switch to any of the three available options, namely the Growth Portfolio, the Capital Protection Portfolio and the Money Market Portfolio. Members are able to apportion their accumulated fund credits between the three investment options, and future contributions will be invested in the three portfolios in the proportions selected by the member from time to time.

With effect from 1 December 2021 the Life Stage Model was amended as follows:

The Growth and Capital portfolios was renamed to Diversified Growth Portfolio and Stable Growth Portfolio respectively. The Life Stage Switches started at age 55 and ended at age 65. NRA changed to 65. Annual switches was changed to monthly switches.

As a legacy from past investments the fund has a small investment in African Bank Bonds which are held in custody at Standard Bank which is in the Fund's name.

2.2. Management of investments

The fair value of the fund's investments, administered by the investment administrators at the end of the year was:

**SCHEDULE HA
NOTES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED FRIDAY, DECEMBER 31, 2021**

1. PRINCIPAL ACCOUNTING POLICIES

The following are the principal accounting policies used by the fund. These policies have been applied consistently to all years presented, unless otherwise specifically stated.

1.1. PURPOSE AND BASIS OF PREPARATION OF ANNUAL FINANCIAL STATEMENTS

The annual financial statements are prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, the rules of the fund and the provisions of the Pension Funds Act.

The annual financial statements are prepared on the historical cost and going concern basis, except where specifically indicated otherwise in the accounting policies below:

1.2. FINANCIAL INSTRUMENTS

Measurement

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of any other entity. A financial asset or a financial liability is recognised when its contractual arrangements become binding and is derecognised when the contractual rights to the cash flows of the instrument expire or when such rights are transferred in a transaction in which substantially all risks and rewards of ownership of the instrument are transferred.

Financial instruments carried on the statement of net assets and funds, include cash and bank balances, investments, housing loans, receivables and accounts payable.

Financial instruments are recognised on acquisition using trade date accounting, which includes transaction costs. Upon initial recognition financial instruments are designated at fair value through the statement of changes in net assets and funds as the assets or liabilities are managed, evaluated and reported internally on a fair value basis and/or the designation eliminates or significantly reduces an accounting mismatch which would otherwise arise.

Subsequent to initial recognition, these instruments are measured as set out below.

1.2.1. Investments

Investments are classified at fair value through the statement of changes in net assets and funds and are measured at fair value.

Bills and bonds

Bills and bonds comprise investments in government or provincial administration, local authorities, participating employers, subsidiaries or holding companies and corporate bonds.

Listed bills and bonds

The fair value of listed bills and bonds traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the statements of net assets and funds date.

Insurance policies

Non-linked insurance policies

Non - linked insurance policies with insurers are valued on the basis of the policyholder's retrospective contribution to assets (i.e. accumulation at the actual investment return achieved on gross premiums.)

Linked or market-related policies

If the policy is unitised, the value is equal to the market value of the underlying units. Other linked or market-related policies are valued at the market value of the underlying assets for each policy, in line with the insurer's valuation practices.

Collective investment scheme

Investments in collective investment schemes are valued at fair value which is the quoted unit values, as derived by the collective investment scheme manager with reference to the rules of each particular collective investment scheme, multiplied by the number of units.

1.2.2. Accounts receivable

Accounts receivable are financial assets measured initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for impairment.

TOURISM, HOSPITALITY AND CATERING RETIREMENT FUND (THACSA)

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED FRIDAY, DECEMBER 31, 2021

1.2.3. Cash and cash equivalents

Cash and equivalents comprise cash in hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less. Cash and cash equivalents are measured at fair value.

1.2.4. Accounts payable

Accounts payable are financial liabilities measured initially at fair value, net of transaction costs that are directly attributable to the liability and subsequently measured at amortised cost using the effective interest rate method.

1.3. RESERVES

Reserve accounts comprise particular amounts of designated income and expenses as set out in the rules of the fund and are recognised in the year in which such income and expenses accrue to the fund.

1.4. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions

Provisions are recognised when the fund has a present legal or constructive obligation as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Where the effect of discounting to present value is material, provisions are adjusted to reflect the time value of money.

Contingent liabilities

A contingent liability is not recognised in the statement of net assets and funds, but disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent assets

A contingent asset is not recognised in the statement of net assets and funds, but disclosed in the notes to the financial statements when an inflow of economic benefits is probable.

1.5. CONTRIBUTIONS

Contributions are measured at the fair value of the consideration received or receivable.

Contributions are accrued and recognised as income in accordance with the actuarial recommendations, and the rules of the retirement fund. Contributions received are apportioned between retirement funding and funding for risk and other expenses. The apportionment is governed by the rules of the fund and actuarial recommendations.

Voluntary contributions are recognised when they are received from annual payments or accrued where monthly recurring payments are made.

Any contributions outstanding at the end of the reporting year are recognised as a current asset – contributions receivable. Any contributions received in advance at the end of the reporting year are recognised as a current liability – contributions payable.

Interest charged on late payment of contributions

Compound interest on late payments or unpaid amounts and values shall be calculated for the year from the first day of the month following the expiration for the year in respect of which the relevant amounts or values are payable or transferable until the date of receipt by the fund.

Dividends

Dividend income is recognised in the statement of changes in net assets and funds when the right to receive payment is established – this is the last date to trade for equity securities. For financial assets designated at fair value through the statement of changes in net assets and funds, the dividend income forms part of the fair value adjustment.

Interest

Expenses incurred in managing investments

Expenses in respect of the management of investments are recognised as the service is rendered.

1.7. BENEFITS

Benefits payable and pensions are measured in terms of the rules of the fund.

Benefit payments and monthly pension payments are recognised as an expense when they are due and payable in terms of the rules of the fund. Any benefits not paid at the end of the reporting year are recognised as a current liability – benefits payable / due.

Reinsurance proceeds

Reinsurance proceeds are measured at the fair value of the consideration received or receivable and are accrued and recognised as income at the same time as the recognition of the related claim.

1.8. TRANSFERS TO AND FROM THE FUND

Section 14 and 15B transfers to or from the fund are recognised on the date of approval of the scheme/arrangement of transfer of business by the Financial Sector Conduct Authority, as contained in the approval certificate from the Authority.
